

i believe

Sometimes facilitate, always learn
Sometimes you teach, sometimes deselects
the right environment

culture should be consciously created

confidence **drives** collaboration

what gets measured gets attention

everyone is **creative**

culture is the secret ingredient

boundaries rules are just

Leadership is both a gift and a responsibility
without risks there is no safety

recognition is a requirement

5 words are **harder** than 500

self awareness is the key

you manage projects, lead people and coach leaders
